

The following vets have been recommended by our puppy raisers. Most either bill The Seeing Eye directly or donate their services.

We sincerely thank all our veterinarian friends who help us care for these special pups. If you know of a vet practice to add to our list, please send us their contact information.

***Please remember all services exceeding \$150 must be approved by TSE.***

### **Emergency Care**

**TSE Emergency: (973) 539-4425, ask for Puppy Development**

**Normal hours: 8:30 am - 5:00 pm Mon. - Fri.**

**If calling after hours, you will hear a recorded message. Press "0" at any time during this message and you will be transferred to the answering service.**

*All emergency visits must be pre-approved. Please call TSE in route to clinic (if you know it is a true emergency) so the TSE vets can be paged. After your pup has been seen and is stable, the attending emergency vet will need to speak to a TSE vet. Puppy raisers cannot authorize treatment.*

*Please call TSE emergency number if you are unsure that is indeed an emergency and TSE will either approve to go to clinic or give the reassurance it can wait till next day. Anything over \$150 must be approved.*
